

Lowest Oxidizer Rental Prices EVER !

Micro-ELECTRIC XE

Remote Monitoring !

Micro-THERM XE

Soil-Therm Equipment, Inc has been the premier manufacturer of award-winning environmental and remediation systems for over 22 years. We are now offering all the deluxe features and technology that you can only get at Soil-Therm in a new fleet of Rental Systems. Gas-fired or electric, we have the right system for you.

To help launch our new fleet, for a limited time, we will throw in ReMAC, Remote Monitoring and Control, for FREE! Don't miss this exciting opportunity. You get all the high quality and performance of our Micro line of oxidizers, including our patented Jet-THERM™ Burner, AND...ReMAC, the best thing to happen to remediation equipment since Soil-Therm brought you Jet-THERM™ combustion technology.
